

Providing technology that enables Provider Partnerships and Patient Engagement

to ensure that each member has access to the right care at the right place, at the right time.

Persivia CareSpace® provides a next-generation digital clinical and analytics infrastructure to systematically engage payers, providers, and patients to ensure better cost, care, quality, and revenue outcomes.

CareSpace® integrates clinical, claims and SDOH data using Artificial Intelligence to identify vulnerable populations, generate actionable insights and coordinate care in real-time.

Unlock Value with Persivia CareSpace®

Improve Risk Adjustment Performance

Improve Member Engagement

Improve Quality Compliance
